program overview

Statement of Purpose

The purpose of YWCA's Summer Day Camp program is to offer children the opportunity to develop and grow in a safe, fun, outdoor environment. To help reduce summer learning loss, the YWCA creates intentional learning experiences that encompass literacy. Staff focus on building relationships, self-esteem, confidence, friendship and life-long skills.

Senior counselors are trained in CPR and first aid. The program is licensed through the Department of Public Health. Our staff to child ratio is 1:10.

Program Goals

1. Allow children to interact in a variety of leisure activities of their choice.
2. Further children's social and emotional development.
3. Foster children's physical development.
4. Teach decision making.
5. Enhance creativity.
6. Increase child's awareness of their culture and others' cultural and ethnic backgrounds.
7. To encourage respect for oneself, one's peers, and for all people of diverse racial and ethnic religious backgrounds, is the ultimate goal of the YWCA's summer day camp program.

No child or family will be refused any service on the basis of race, religion, cultural heritage, national origin, political beliefs, ability, marital status, or sexual orientation.

Programs

The **Camp Wind-in-the-Pines** program serves boys and girls ages 6–14 years, who represent a wide range of socio-economic, ethnic, and diverse backgrounds. The youth camp program is designed to promote individual growth while developing their physical, cognitive, emotional and social skills. The activities are carefully planned to balance fine and gross motor activities, small and large group activities, and opportunities for interaction.

Each summer, Camp Wind in the Pines receives a summer literacy grant and access to a Literacy Coach at the camp to help reduce summer learning loss. This grant is funded by the United Way and Greater Worcester Community Foundation.

Camp Wind-in-the-Pines campers swim in Stiles Reservoir which is staffed by certified lifeguards and a waterfront director. All campers are expected to participate in swimming lessons daily. Each camper must take a swim test prior to being able to swim.

Please bring these items to camp each day, and take them home for laundering that evening:

- a clean, dry towel (please label with child's name)
- bathing suit
- a full change of clothing (including underwear)
- sweatshirt
- sneakers (must wear to participate in sports activities)
- swim shoes (optional)

ALL ITEMS MUST BE LABELED WITH A PERMANENT MARKER

Parents should apply sunscreen to campers prior to coming to camp.

Plan for Identifying and Handling Sick, Symptomatic, and Exposed Children and Staff:

Daily Screening Checks:

All staff and children will be screened daily prior to entering any program space by the opening Camp Director. The screening process will include daily temperature checks, screening questions, and a visual inspection for signs of illness. The health check responses will be recorded daily on the Camp Wind in the Pines Daily Health Screening Form by the parent/guardian.

Regular Monitoring:

Camp Staff will actively visually monitor campers throughout the day for symptoms of any kind including fever, cough, shortness of breath, diarrhea, nausea, and vomiting, abdominal pain, and unexplained rash. Any campers who appear ill or are exhibiting signs of illness will be immediately separated from the larger group and isolated in the Main Camp Office.

The parent or guardian will be contacted by the Camp Director if the camper has temperature above 100 degrees F. The camper must be picked up at the camp within the hour. If the parent/guardian cannot be reached, the emergency contacts will be called in order as they appear on the camper registration form.

If any camper or staff person develops severe symptoms, 9-1-1 will be called. The parent or guardian will be called immediately.

Isolation:

A designated bed in the Main Camp Office will be used to isolate any campers who have become ill or presenting with COVID19 symptoms. The Camp Director or Assistant Camp Director (both are Health Care Supervisors) will remain with the individual until they are discharged from camp.

Returning to Camp:

Sick campers or employees who are COVID19 positive or symptomatic and presumed to have COVID19 may not return to camp until they have met the criteria for discontinuing home isolation and have consulted with their healthcare provider.

Close Contact List:

The Camp Director will review the camper daily attendance and staff schedule to make a Close Contact List. Any Camp Staff or Camper who was in close contact with the symptomatic person before the symptoms began will be contacted by the Camp Director.

If a Camper or Staff Contracts COVID19:

If a camper or staff person tests positive for COVID19 or symptomatic and presumed to have COVID19, they may not return to camp until they have met the criteria for discontinuing home isolation and have written documentation from their healthcare provider that they are cleared to return.

If the camper or staff person tests positive for COVID19 but is asymptomatic, isolation may be discontinued when at least 10 days have passed from the date of the positive test, as long as the individual remains asymptomatic.

Notifying Required Parties:

If the program experiences an exposure, the Director of Children's Services will contact the Leicester Department of Public Health immediately for reporting purposes and guidance. The program will notify all staff and families while maintaining confidentiality of the person(s) who are ill.

Child Resources (funding agency) will also be contacted by the Director of Children's Services.

Hygiene

Handwashing:

All campers and staff must wash their hands often or use hand sanitizer. “Stop the Spread of Germs” postings will be placed in all cabins to encourage frequent washing. “Be a Germ Buster” handwashing signs are posted at all sinks in the cabins and bathrooms encouraging proper handwashing practices.

Handwashing will take place whenever the following criteria are met:

- Upon entry into and exit program space
- When coming in to the program space from outside activities
- Before and after eating
- After sneezing, coughing or nose blowing
- After toileting
- Before handling food
- After touching or cleaning surfaces that may be contaminated
- After using shared equipment like toys, computer keyboards, mouse, balls
- After assisting children with handwashing
- Before and after the administration of medication
- Before entering buses (if used)
- After contact with facemask or cloth face covering
- Before and after changes of gloves

All staff and campers will be reminded to avoid touching their eyes, nose, and mouth. They will also be reminded to cover coughs and sneezes with a tissue, and then throw the tissue in the trash. Children and staff will wash their hands with soap and water or use hand sanitizer (if appropriate).

Face Masks and Coverings:

Staff will be required to wear a facemask during program hour while serving children and interacting with parents and families. Each staff member will receive one washable cloth face covering at staff orientation.

At the discretion of parents and guardians, all campers will required to wear face coverings while at camp. Children will not wear masks when eating or swimming. Reminder postings will be placed in all cabins enforcing the use of facemasks.

Parents/guardians will be responsible to provide their children with a clean facemask each day. They must have a plan for cleaning daily and labeling with the child’s name. If a parent is unable to provide their child with a facemask, Camp Wind in the Pines will supply them with one.

Camp Wind in the Pines will provide disposal facemasks for campers and staff who forget to bring to camp. A supply of disposable facemasks will be available at the designated screening table.

Exception to Use of Facemasks/Coverings:

If there is a situation that inhibits a child from wearing a facemask, an exception will be made. Children who have difficulty breathing with the facemask, have cognitive or respiratory impairments, and children with a behavioral health diagnosis or intellectual impairment will be allowed an exception for wearing a facemask.

Strategies to Reduce the Risk of Transmission

Physical Distancing:

Physical distancing will be encouraged for children and staff at all times at the camp program. Staff and campers will maintain at least 6 feet of distance at all times and limit contact between individuals and groups, whenever possible. .

Cabin capacity is reduced to a maximum of 12 people (this includes staff).

Cabins have been set up to promote individual and small group activities. Tables have been spread out within the cabin and the number of chairs at each table has been reduced to encourage social distancing.

Activities and daily schedules have been modified so that cabins (cohorts of up to 12 people including staff) will remain separated. For example, there will not be any combining of cabins when swimming or participating in any type of activity.

Activities will be done outside as much as possible where there is better ventilation.

Each cohort will eat lunch (outside weather permitting) at their cabin. Campers will not be allowed to share food, utensils, or cups.

Staggered drop-off and pickup will be encouraged by parents and guardians.

Regular immediate contact (such as shaking or holding hands, hugging, or kissing) will be off limits for campers and staff.

Each camper will have a designated place to put their belongings (either a hook or basket for their backpacks) in a way such that they won't touch one another. Each area is labeled with their name.

Each camper will have a pencil box with their own scissors, markers, pencils, and glue stick to minimize sharing and cross contact.

Games and activities that encourage physical contact or proximity of less than 6 feet, like tag and Ga Ga Ball have been eliminated.

Campers will use the bathroom in groups by cabin when possible.

Emergency Care/Injury Reports

In the event of an accidental injury, we will make an immediate attempt to reach the parent. If we cannot reach the parent we will telephone the emergency contact person listed on the child's First Aid and Emergency Medical Care Authorization and Consent Form. If we are unable to reach the parent through the emergency contact person, we will call the child's physician. If the doctor is not available, we will call the paramedics or an ambulance.

If necessary, we will arrange for medical transport to an emergency hospital. Until arrival of a parent, the physician, and ambulance or paramedics, the camp director or assistant camp director will be in charge and make all decisions concerning the care of the child.

The parent is expected to assume responsibility for any expenses in the above situation. The YWCA camp will maintain a parent's signed consent form agreeing to this provision.

The camp's Health Care Policy will be posted at the sign-in table at the drop-off areas and near the phones at camp. Upon request, a full Health Care Policy will be available to parents.

Emergency Plan / Natural Disaster

Evacuation procedures are practiced the first day of each session at camp. Children's emergency forms and attendance sheets are kept with the staff at all times. Parents are asked to update the staff with any changes in emergency information in writing. The complete evacuation plan can be found in the YWCA's Health Care Policy.

behavior management

Behavior Management Overview

YWCA campers are encouraged to be independent, self-directed, and responsible for their own behavior. Rules for camp will be clearly posted in view of all children and visitors. The children are made aware of these rules daily and are expected to follow them. Children who have difficulty remembering these rules are reminded of them once or twice. Other techniques used are positive reinforcement for appropriate behavior, distraction, and redirection. If the difficulty continues, the child will be asked to remove herself/himself from the activity until she/he and the senior counselor feel she/he can handle herself/himself more appropriately. This time should be no longer than 1 minute per year of child's age. Upon re-entering the group, the child will be asked why she/he was removed from the group and how to rectify the problem, and will be made to follow through on behavior modifications. The child will be assisted, if necessary, to get re-involved in the activity. If the child continues to disrupt the group, she/he will be brought to the camp director.

Children are not deprived of food because of behavior problems. Corporal punishment (e.g. spanking) is not allowed. Verbal abuse, humiliation and/or severe punishment also will not be tolerated. Children will not be punished for soiling or wetting themselves.

If a child's behavior continually requires one-on-one attention and poses a safety concern (hitting, kicking, throwing objects, continually leaving staff-supervised area) for themselves or other children, the following actions will be taken:

1. The child will be removed from the group and brought to the camp director;
2. The director or a counselor will fill out an incident report stating the problem and the actions that need to take place in order for the child to remain in care. Parents will be notified by phone or at the time of pick-up. Parents will be required to sign the report and make any desired comments;
3. If the director is unable to redirect/calm the child, a parent will be called and be required to pick up within the hour;
4. After three incident reports, a meeting will be scheduled with the director, counselor(s), and parents to discuss whether the child can safely remain in care. **Please see the Termination/Suspension policy.**

Suspension & Termination

YWCA reserves the right to dismiss or suspend any child enrolled at any time for the following reasons:

- The health and safety of the child or other children at the camp cannot be assured;
- The child's developmental needs are not being met at camp;
- Parents are not following the camp policies; this includes non-payment;
- Cases involving suspected child abuse by an adult, including camp staff, may result in a temporary or permanent alternate placement.

parent involvement

Overview/Responsibilities

Please have your child wear her/his bathing suit to camp in the morning and bring a change of clothes (labeled using a permanent marker) in a backpack. Your child will also need sunscreen, a towel, and extra clothes for the weather. It's often about 10 degrees cooler at camp than in the city. Please remind your child to use the bathroom before you drop off so your child will be comfortable on the bus.

Please mark your child's name on all items brought to camp! **There will occasionally be lost and found items for you to check through at your pick-up location.**

Parent Conferences and Evaluations

The camp director shall make the camp staff available for individual conferences with parents at the parents' request. Parent conferences will also be held if a child has received three incident reports due to inappropriate behavior. At the end of your child's camp experience, camper/parent evaluations are conducted to ensure program quality. Feedback is always welcome.

Parent Visits

The YWCA permits and encourages unannounced visits by parents to Camp Wind-In-The-Pines while the child is present.

Parents have the right to review background checks, health care policies, disciplinary policies, and grievance procedures upon request.

Abuse and Neglect Policy

All child care workers in the Commonwealth of Massachusetts are “**mandated reporters**” of known or suspected instances of child abuse (verbal, physical, emotional) or neglect. As “mandated reporters,” child care workers are required by law to report known or suspected instances of abuse or neglect to the Department of Children and Families (DCF) at 617-929-2130 from 9:00 a.m. - 5:00 p.m. or at 1-800-922-8169 after regular business hours.

If any employee of the YWCA suspects a child in the program is being abused or neglected, the situation and documentation must be brought to the attention of the Camp Director. The Camp Director will determine with the Director of Children’s Services whether to file a report with DCF and the Department of Public Health if, after discussion and observation, there is *reasonable cause* to believe that:

- (a) The child is suffering serious physical or emotional injury resulting from abuse inflicted upon her/him including sexual abuse;
- (b) The child is suffering from neglect, including malnutrition;

“*Reasonable cause*” means that, after examining all the facts in a particular situation, most people with similar training and experience would suspect abuse.

If the Camp Director / Director of Child Care Services are unsure as to reasonable cause, they will contact the DCF’s Screening Department and the licensur at the Department of Public Health to discuss concerns.

Abuse and Neglect Reports

A written report filed with DCF must be filed within 48 hours of suspicion. A copy of this report will be kept in the child’s folder and the report must contain:

- The Camp Director’s name
- The names and addresses of the child and his/her parents or other person responsible for his/her care, if known.
- The child’s date of birth and sex.
- The nature and extent of the child’s injuries, abuse, maltreatment, or neglect.
- The circumstances under which educators first became aware of the child’s injuries, abuse, maltreatment, or neglect.
- Any action taken to treat, shelter or assist the child.
- Any other pertinent information helpful in establishing the cause of the injuries or the identity of the persons responsible for the injuries.

The Camp Director will maintain contact with the DCF to determine the results of the investigation and any follow-up services which may have been recommended for the child and his / her family. If the investigation shows that the report is untrue, the Camp Director is immune by law from civil or criminal liability for filing the report as are all mandated reporters (including all child care workers).

If any child care worker is accused or suspected of abusing a child enrolled at any of the YWCA’s child care programs, that employee will be immediately relieved of any direct contact with children at the YWCA. DPH will be contacted and an investigation will take place. The procedures to be followed are listed below:

1. The Director of Children’s Services will contact the parent(s) of the child and arrange a meeting to discuss incident.
2. The Director of Children’s Services will file a report with to DCF.
3. The YWCA Central Massachusetts will conduct its own internal investigation.
4. If accusations are found to be unsubstantiated, that person will return to their position.

Healthy Lunches & Snacks

Healthy Lunches and Snacks

Healthy lunches will be provided by Friendly House. Menus are available at the designated sign in table for parents and guardians. Lunch will include a sandwich, vegetable serving and milk. All lunches meet the USDA healthy food guidelines. All parents/guardians of children receiving lunch must fill out an income eligibility form for the summer food service program. No child will be denied lunch regardless of household income.

Parents may choose to send their child with lunch instead. Please include foods that are nutritious and healthy. Children are not allowed to bring candy or gum or soda to camp. There are no microwaves available for camper use.

Morning snack will also be provided by the YWCA. Snacks will include a variety of fruit, vegetables and carbohydrates. Camp counselors oversee the distribution of mid-morning snacks.

Campers should bring refillable water bottles to use throughout the day.

Take Route 9 through Worcester to Leicester Center. Go past the traffic light until you see Dippin' Donuts on the left, at the corner of Main and Pine Streets. Turn left onto Pine Street.

Stay on Pine Street for 2.8 miles through winding roads, until you come to the Camp Wind-in-the-Pines sign on the left.

Take a left at the sign onto Parker Street, then the first right into the camp's circular driveway. The camp office is on the right side of the brown house to your left. There is a flag at the entrance.
